characters

War

The first Horseman of the Apocalypse, War has been framed for the premature arrival of Armageddon and the annihilation of mankind. The falsely accused rider returns to a demon-infested Earth with his epic blade the Chaoeater in hand, in search of an answer that will ultimately allow him to restore the balance between Heaven and Hell. War will be confronted by powerful remnants of Heaven's army and endlessly pursued by tortured Hell-spawn in his quest. However, War will stop at nothing to reach The Destroyer and claim vengeance.

The Watcher

After The Charred Council stripped War of his powers, they assigned The Watcher to ensure that War not overstep his bounds. The Watcher is given authority to end War's life should the need arise. A nuisance at times and a guiding light at others, The Watcher is a part of War, so he better learn to live with him.

Samael

Once a mighty and greatly feared demon, the grotesque Samael now lives imprisoned after attempting to rise against The Destroyer. War must seek the aid of Samael if he hopes to ultimately face his dark nemesis.

An Important Note Regarding Graphics and Having the Best Possible Experience. The Developers of Darksiders along with the engineers at AMD worked closely during development to test the game on advanced ATI Radeon™ graphics processors. Increased performance will be noticed on more powerful systems. We recommend ATI Radeon™ HD 5700 Series (or better) video cards for maximum performance and visual quality.
