FROM THE DRIVER'S SEAT

GAME SCREEN

NEW HELMET CAM

Now you can see through the driver's eyes with the all-new Helmet Cam. As you approach each corner, the driver's head will turn, lean, and focus on it. Helmet Cam is an immersive new experience and a great learning tool for new drivers.

NEW NIGHT DRIVING

For the first time, you can experience night racing like real drivers experience it! Get ready to descend into the pitch-black darkness with only your headlights to guide you.

THE BEST LINE

Every road has a recommended line for maximum speed. Yours is visible as a green line on the track. Stick hard to the line to dominate races. The line changes color to reflect your situation: gold if you need to ease off the throttle and red when you need to brake.

You can turn the Best Line OFF from the Gameplay menu under Options.

NEW ELITE HANDLING MODEL

With the all-new Elite Handling Model, you can drive with increased precision and depth for the ultimate way to experience the game—manual gears recommended!

NEW TUNING

Car tuning has been greatly expanded, and now you can save Tuning Setups for either individual locations or Location Groups. Want to test your tuning on the fly? Use the new Live Tuning mode to make adjustments while zipping around on the track and tease the maximum performance out of your vehicle.

DRIVER PROFILE

Your Driver Profile shapes the challenges you face and the opportunities you're given. Every new driver starts off with a qualifier, after which Vaughn Gittin, Jr. recommends default game settings based on your performance. From there, you can evolve your Driver Profile any way you want.

View an opponent's Driver Profile when you go online for some multiplayer action, so you'll know just how good the competition is.

DRIVER LEVEL AND XP

While you're building up your style, you're also earning rewards and upping your Driver Level. Every single thing you do right also wins you XP. Rack up the points and your driver levels up, unlocking new parts, better challenges, bigger cash rewards, and epic cars. The more you play, the more XP you earn, and the more events you have access to.

XP METER

You earn XP for battling the track, your opponents, and your friends. It drives the rewards you get and the opportunities that are opened up. You earn them from your on-track actions (such as following the racing line or drafting) and how you dominate the race (finishing position, track mastery, Event Objectives). You also earn XP by beating friends' records via Autolog both in solo and online modes.

GARAGE & CAR LOT

You can't race without cars, and you can't dominate without parts. Visit the Car Lot to purchase new cars and then upgrade them to your heart's content, assuming your budget allows it. Build a collection of vehicles or pick specific rides to focus on customizing. The choice is yours.

CASH

You have to earn some cash to buy the cars and parts you're after. Finish the race and you'll make some money, but finish in the top three to get more money so that you can acquire the best upgrades faster.

NEED FOR SPEED VIP

Dedicated *Need for Speed*™ fans that have played *Need for Speed*™ *Shift*, *Need for Speed*™ *Undercover*, *Need for Speed*™ *Hot Pursuit* on their system will get a surprise upon starting *Shift 2 Unleashed*™ for the first time. The game scans for that data and, if found, rewards you with special bonuses. You can also manually check for previous titles by selecting NEED FOR SPEED VIP from the Extras menu.

QUICK EVENT

Choose your event, car, and location, and tear it up. Advancing through Career mode unlocks more cars to use in Quick Events. Any cash or XP earned in a Quick Event is available in Career mode.

LEARN FAST: Nudges won't mess up your ride, but a real collision can put you to the rear of the pack.

CAREER

Earn a reputation on the toughest courses in the world, building and upgrading your car collection as you go. Carve your name into racing history.

CAREER MAP

Choose which races to run from your Career map. Enter a competition to see what events are available. Select an event and start rolling.

You unlock new events, challenges, and invitations as you progress through your career. As you beat your Rivals, you earn cars, money, and Badges.

BADGES

Badges are earned for mastering tracks, beating Rivals, and other in-game actions. Check how many Badges you've earned from your Autolog Profile page or compare how many your friends have earned via the Friends League.

RIVALS

Rivals are the best of the best in their individual disciplines. Impress them enough with podium position finishes to get a chance to take them on and win their vehicles and a load of cash.

SPECIAL EVENTS

When you reach certain Driver Levels, new opportunities will come your way in the shape of Hot Lap Gauntlets, Eliminators, and Invitational events where you'll get a chance to try out and win new cars.

FIA GT1 WORLD CHAMPIONSHIP

This is what it's all about: a series with no mercy that spans the globe and a final race to take the championship. If you make it to the finale, you're a champion who's up against champions. The margin for error is slim. If you win, you've reached the pinnacle of your sport and may earn a brand new ride. But that's a big "if." Battle your way to the top and prove your superiority.

THE CARS

YOUR GARAGE

It's where your cars live when they're not tearing up the asphalt. Choose GARAGE from the main menu to visit and work on all your cars.

Buying Cars

If you've got the cash, you can buy any unlocked car you want. Select CAR LOT from the main menu.

Selling Cars

Selling a car that doesn't cut it any more puts money in your pocket. Go to MY CARS from your Garage, pick the wheels you want to ditch, open the menu, and select SELL.

NOTE: You cannot sell reward cars. You must own more than one purchased car in order to be able to sell a car.

VISUALS

Head to the Visuals menu to re-spray your car, add vinyls, and swap your wheels for a range of alloys.

UPGRADES

There are a lot of things you can replace and improve on a car to make it perform exactly the way you want—if you've got the money.

Parts

Beef up performance with performance engine, drivetrain, and turbo/supercharger parts, and improve handling by adding better tires, brakes, and suspension.

Nitrous

Buy a nitrous tank from the Upgrades menu and give yourself a boost by pressing and holding **Space** for as long as you need it...or until your tank is drained.

Works Conversion

Works packages cost a serious bundle and go into microscopic detail to squeeze out every last inch of performance out of your ride. As you upgrade your car, each part adds a certain percentage to your Works bar. Once this bar hits 75%, you can purchase a Works Conversion and turn your car into the best racer it can possibly be.

ADVANCED TUNING

Adjust everything from tire pressure to shocks and gear ratios until your car purrs on the track. You can unlock additional tuning options via purchasing specific upgrades, and this can make a world of difference. You can even save tuning slots for specific tracks for easy access on the fly.

Quick Tuning

Are you in a hurry? Quick tune your ride by adjusting Steering, Gearing, Balance, and Downforce.

EVENTS

There are variations on every event, from starting position and number of opponents to time of day. Some might even limit your choice of cars, but that shouldn't matter to a truly gifted driver, right?

| | |

| Invitational | Take a loaner car on the track and see if you have what it takes to hang with the best. Success here will see you gain a big cash prize and even win the loaner car! |

DRIVER DUEL CHAMPIONSHIP

Face off in a series of ranked one-on-one Driver Duels for XP, cash, and Crowns.

Each Round contains a best-of-three competition where players alternate between lead and chase positions. Lead car players must complete the lap in front or pull far ahead of the chase car. To beat the lead, a chase car must take up the top spot and put five seconds between them and their opponent, or be the first across the line. If necessary, a sudden death tiebreaker determines the winner.

If you win each Round you progress to the next. Win the Final Round to earn a Crown.

Each time you win the Final Round you'll earn more Crowns but each time you lose, you drop back to the bottom Qualifying Round.
